West Seattle Link Extension

Project timeline

ST3
APPROVED

2016

PLANNING

DES

2017–2019

Alternatives development

- ✓ Feb–March 2018: Early scoping
- ✓ Feb–April 2019: Scoping
- ✓ May–Oct 2019: Board identified preferred alternatives and other DEIS alternatives

2019–2024

Environmental review

Early 2022: Publish Draft EIS

Public comment period

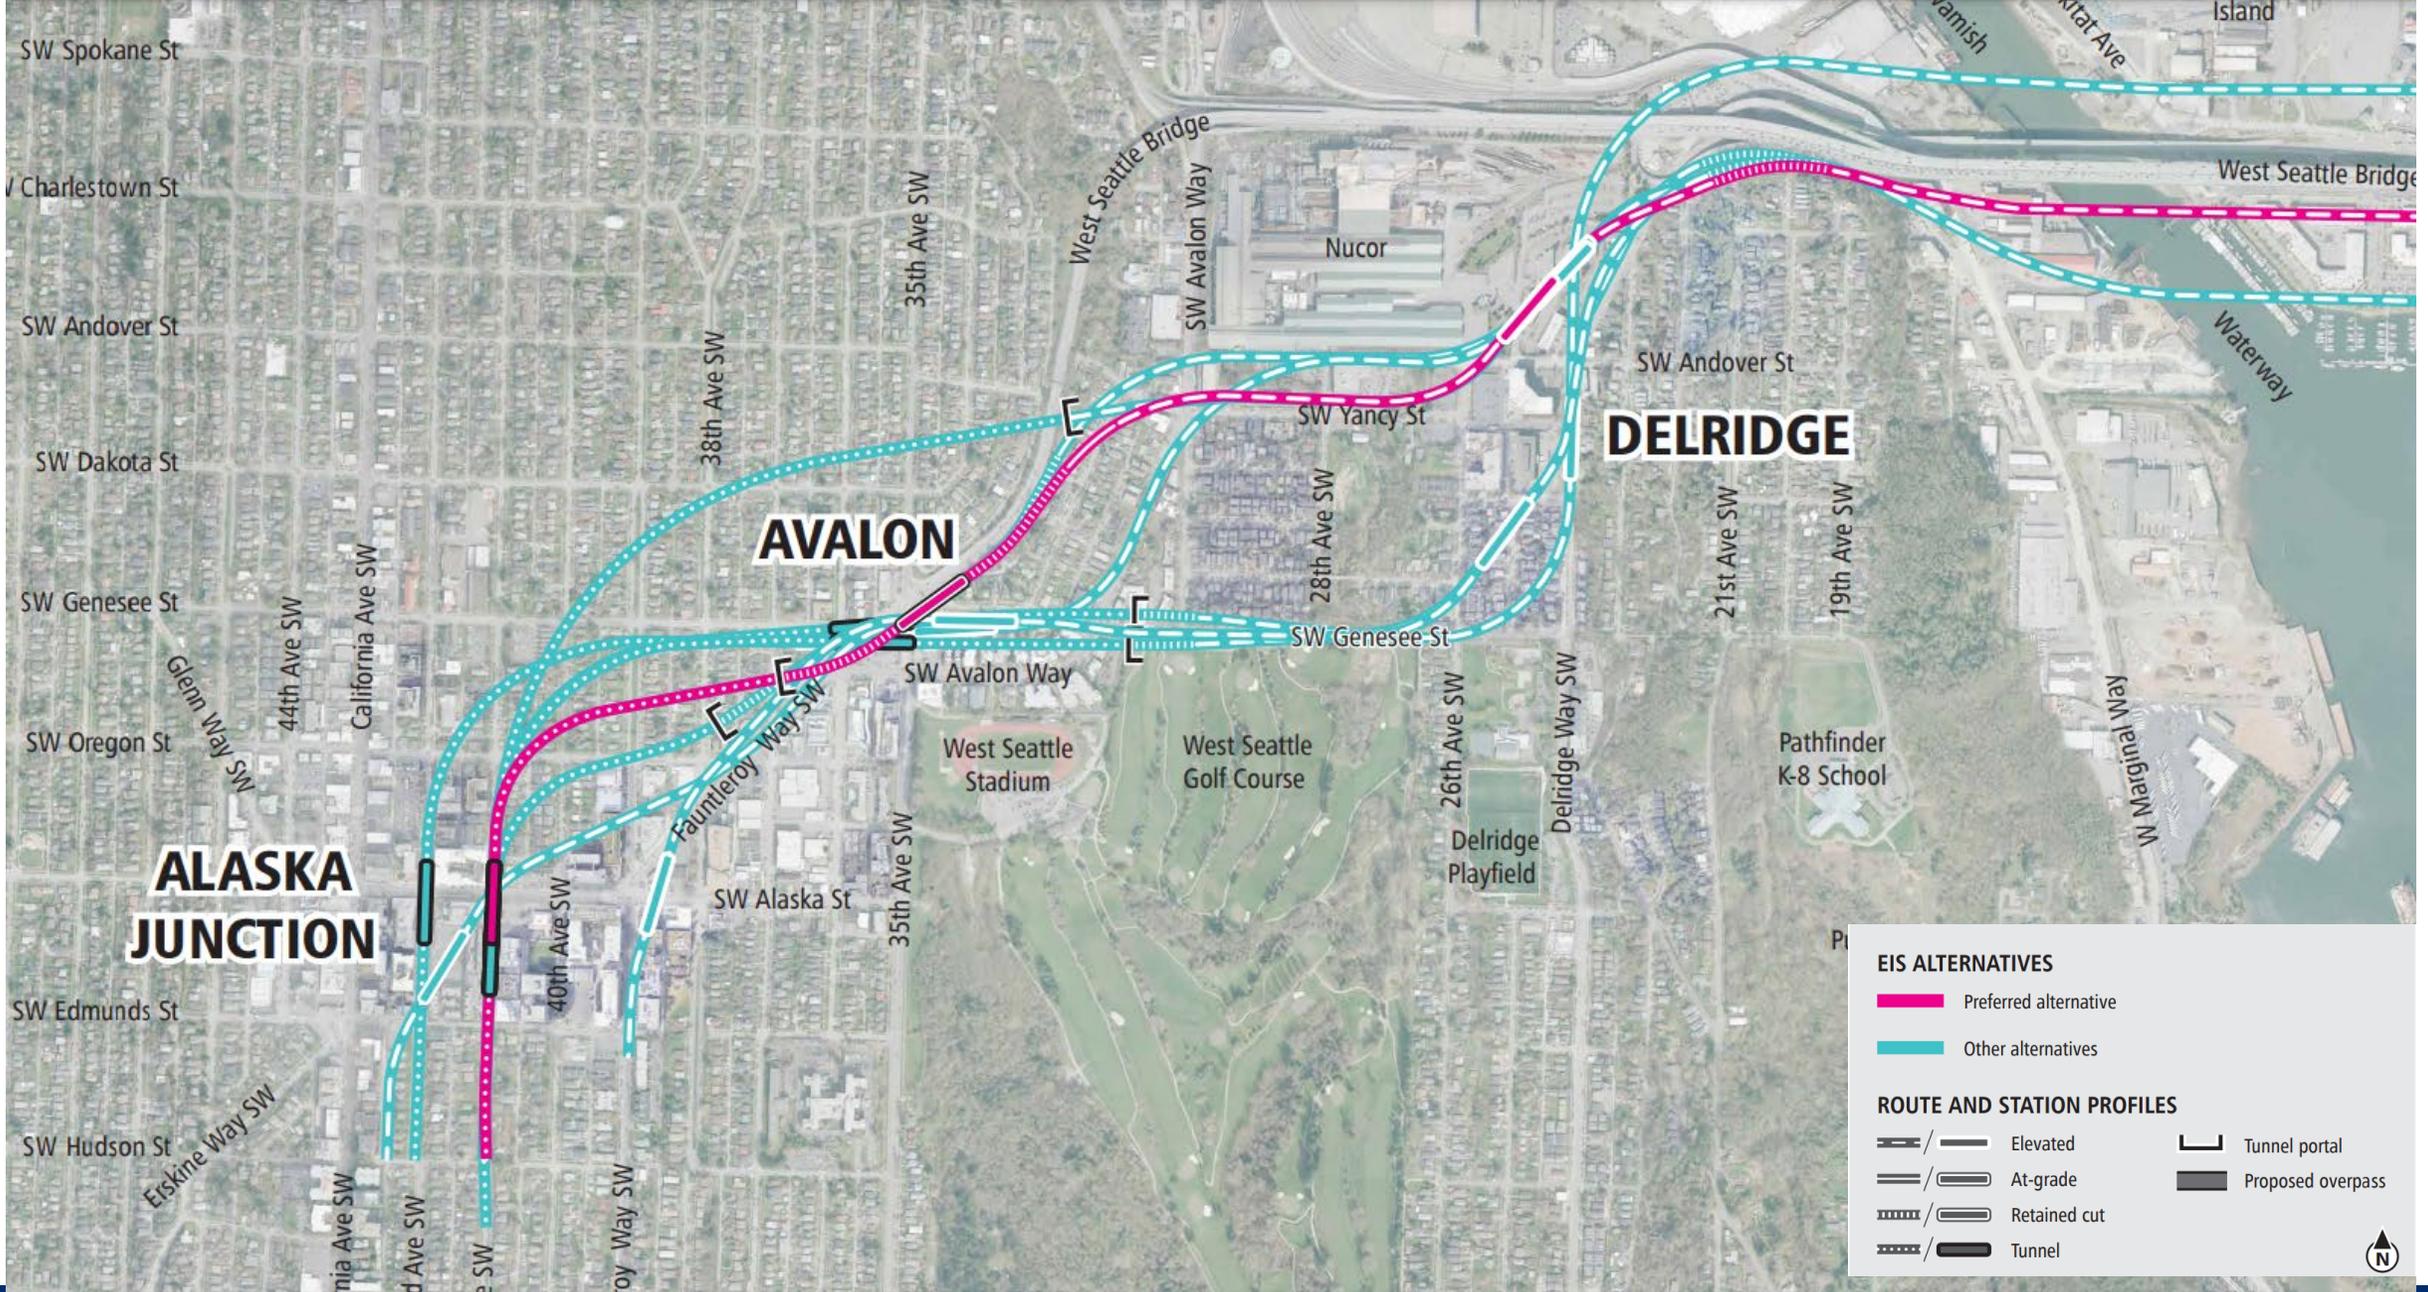

Board confirms or modifies preferred alternatives

2024: Publish Final EIS

Board selects projects to be built

Federal Record of Decision

PUBLIC INVOLVEMENT

Station Planning

West Seattle Link Extension Station Planning Online Open House and Survey

Take our survey

- Sharing updated station design progress for SODO, Delridge, Avalon, and Alaska Junction Stations.
- Gathering community feedback on concepts for access, urban design, and transit-oriented development at the stations.
- Input will help us advance the design for station areas in collaboration with the City of Seattle and other agency partners.

How the City and Sound Transit are working together

SOUNDTRANSIT

- ✓ Routes and station locations
- ✓ Light rail guideway and station design
- ✓ Environmental review

Centering racial equity

&

Co-planning stations with communities

City of Seattle

- ✓ Community planning and station access
- ✓ Land use and zoning
- ✓ Street and right-of-way use

Working Together

City of Seattle + Sound Transit

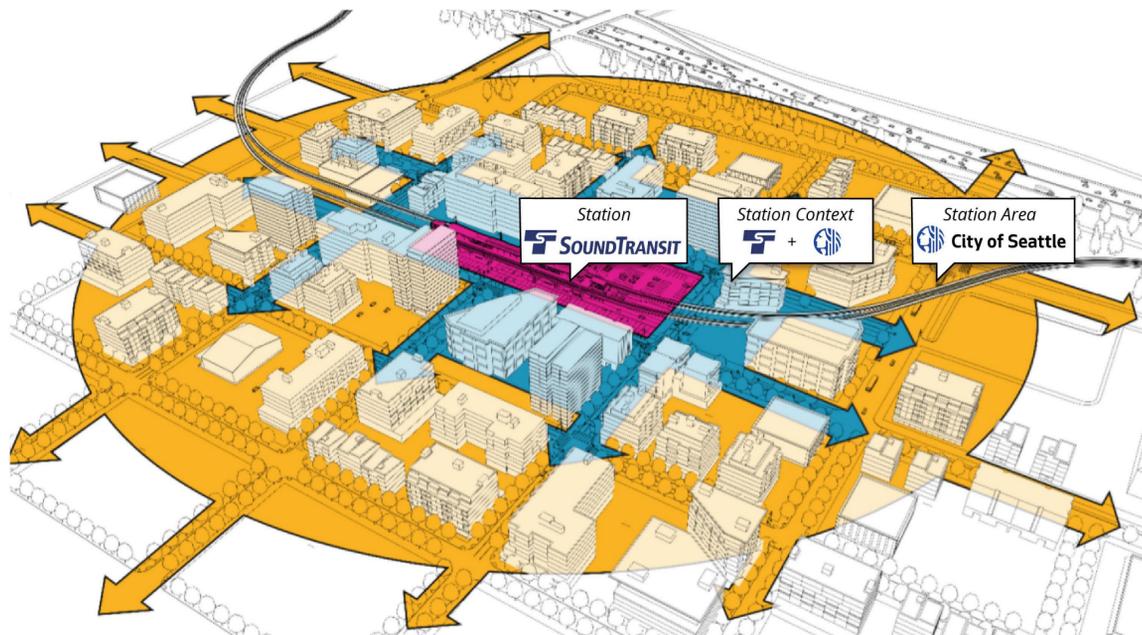

We have a mutual goal to deliver light rail on schedule and within budget

We are:

- Engaging communities and public agencies during the design process.
- Resolving key issues in advance of permitting.
- Defining clear process and requirements for the project.
- Recommending light rail specific changes to the code to streamline the permitting process.

Get involved!

1. Provide feedback on station design priorities.
2. Answer survey questions.
3. Ask questions.
4. Sign up for future opportunities to participate.
5. Participate in the process.

Share your ideas

- Information is available on our online open house and survey.
- We'll attend community briefings upon request to answer questions.
- We'll report back on how feedback was incorporated as part of station design in early 2024.

The advertisement features a light rail train (numbered 142A) at a station platform. In the top left corner, there is a graphic with colorful diagonal lines and a circular icon of a train. The main headline reads "Expanding light rail to West Seattle" in a bold, dark blue font. Below this, a sub-headline says "Share your ideas about future light rail stations in West Seattle and SODO". A QR code is positioned in the bottom right corner of the image area. At the bottom, a pink banner contains the website address soundtransit.org/wslink-design.
