PROJECT OVERVIEW

Crews are upgrading the overhead power lines in your neighborhood soon.

Please see the map on the back of this flyer for more information.

PROJECT BENEFITS

- This upgrade will strengthen the power lines and increase their capacity. In the future, this will improve reliability.

PROJECT IMPACTS

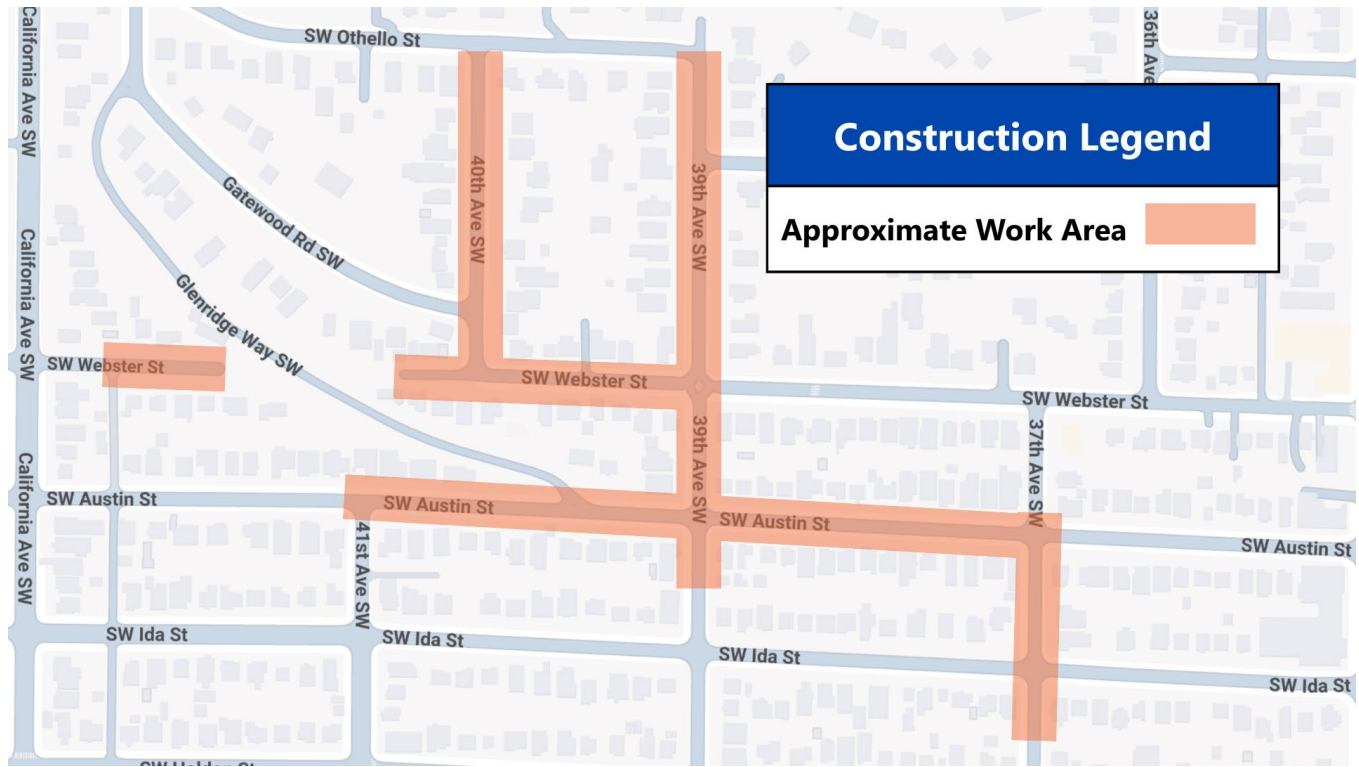

- Crews will dig holes and install new utility poles along the project map as needed.
- After the poles are up, crews will install the new overhead power lines.
- **Planned power outages are needed for this work.** We typically notify affected residents at least five days before any planned outages.
- Crews restore work areas in the right-of-way to meet Seattle Department of Transportation standards.

During construction, you can expect:

- Limited parking and sidewalk access within the work zone.
- Construction signs and flaggers redirecting pedestrian and vehicle traffic where needed to maintain safety.
- Some equipment noise.

PROJECT MAP
